

Transforming the Present, Shaping the Future

Abraham's Vision Receives Prestigious 49ers Perry/Yonamine Unity Award

This past Sunday, during the San Francisco 49ers' home game against the New York Jets, Co-Executive Directors Aaron Hahn Tapper and Huda Abu Arqoub were on hand to receive the second annual Perry/Yonamine Unity award. The San Francisco 49ers selected Abraham's Vision as 2008's exceptional non-profit demonstrating a commitment to promoting unity and giving back to the local community. The award was given by 49ers coaches and executives as well as the 49ers Community Advisory Panel. Named after former 49ers players Joe Perry and Wally Yonamine - two individuals who demonstrated the power of unity to make a difference on and off the field - the award honors the lasting contributions of Abraham's Vision's Unity and Vision Programs.
